NEED TO KNOW

BATHROOMS

We have two western toilets on-site

and two showers, **besides the shower in your trailer**

Water is not heated, so for warmer water, shower later in the day and for a refreshing wake up, try it in the morning

COOKING

Each trailer has an individual firepit/grill. We provide coals and 15 kilograms of wood for each group. Please ration this to make sure it lasts the evening/following morning

NEED TO KNOW

DRINKING WATER

The 20-litre Jerry Can mounted to the front of your trailer contains filtered water and this can be used to refill containers present in your fridge

NEED TO KNOW

FRIDGE/FREEZER

You have a dual compartment
56-litre fridge/freezer

We also keep some ice ready for
you to use

**For specific requirements,
please let us know in advance**

SHOWER WATER

You have 88 litres of tap water present in the trailer's main tank

There is a shower hose hidden to the left of the fridge and you can use this for washing and showering

WHAT TO BRING

WARM CLOTHES

Don't underestimate how cold it gets in the desert at night

CLOSED SHOES

TOWELS

BEDDING

A duvet or warm sleeping bag will do - bring enough to stay warm

MATTRESS SHEET

For extra comfort, if required. All our mattresses are sanitised between each use

HEADLAMPS

Or torches

FOOD

Meat and vegetables that can be cooked on the grill | Pre-made salads | Pre-made dishes that can be reheated in the pot on the grill | Breads | Dips | Snacks | Marshmallows | Drinks | Cereal and milk or croissants for breakfast or eggs for the grill

CAMP RULES

Vehicles are parked away from the campsite and your food, drinks and bedding are dropped off first at your trailer. Follow the tracks and your guide's instruction. It is not allowed to park vehicles on the main campsite

No littering! Black plastic bin bags are provided. Please place all rubbish in these bags in order to protect the natural beauty of our campsite for future guests. Please remember we are within a protected natural reserve

Strictly no fires to be lit directly on the desert floor. All fires are to be contained in our firepits. This protects wandering animals from getting injured by stepping into coals, which remain hot long after the fire goes out

If you are camping with other groups please be mindful of the noise

Always wear closed shoes after dark as scorpions and other creepy crawlies may be hidden in the sand and it is better to be safe than sorry

Bring warm clothes and adequate bedding. Temperatures in the desert can get down to five degrees at night.

Music: We prefer the sounds of nature, but if you choose to bring a speaker please keep it a volume that only your group can hear. Strictly no music after 11pm and please respect the privacy of other campers.

WHAT ELSE?

IF IN DOUBT, ASK!
